

SAFETY DATA SHEET

Matt Emulsion

Date: 16-06-2017

Page: 1

SECTION 1: IDENTIFICATION OF PRODUCT AND COMPANY

1.1 Product Identifier

Product name: Matt Emulsion
Product Code: FL1016

1.2 Relevant identified uses of the substance or mixture and uses advised against

Recommended use: Waterborne coating for interior use

1.3 Details of supplier of the safety data sheet

Details of company: FLP Group
Unit 1 Clayfields Industrial Estate
Tickhill Road
Doncaster
DN4 8QG
+44 (0) 1302 571571
sales@flpgroup.co.uk

1.4 Emergency telephone number

Emergency Tel: +44 (0) 1302 571571

SECTION 2: HAZARD IDENTIFICATION

2.1 Classification of the substance or mixture

Classification under CLP: Not classified

2.2 Label elements

Hazard statements: Not classified
Signal words: Not classified
Hazard pictograms: Not classified
Precautionary statements: P102 - Keep out of reach of children.
P101 - If medical advice is needed, have product container or label at hand.
P262 - Do not get in eyes, on skin, or on clothing.
P312 - Call a POISON CENTER or physician if you feel unwell
P501 - Dispose of contents and container in accordance with all local, regional, national or international regulations

Special Provisions: Not classified

2.3 Other hazards

Other hazards: Not classified
PBT: Not classified

SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

3.2 Mixtures

There are no ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment, are PBTs, vPvBs or Substances of equivalent concern, or have been assigned a workplace exposure limit and hence require reporting in this section

SECTION 4: FIRST AID MEASURES

4.1 Description of first aid measures

General information: In all cases of doubt, or when symptoms persist, seek medical attention. Never give anything by mouth to an unconscious person. If unconscious, place in recovery position and seek medical advice.

Inhalation: Remove to fresh air. Keep person warm and at rest. If not breathing or if respiratory arrest occurs, provide artificial respiration or oxygen by trained personnel.

SAFETY DATA SHEET

Matt Emulsion

Date: 16-06-2017

Page: 2

Ingestion:	IF SWALLOWED: Get medical attention immediately. Show this Safety Data Sheet to the medical personnel. Keep affected person warm and at rest. Do not induce vomiting.
Skin contact:	Remove contaminated clothing immediately and wash skin with soap and water. Do not use organic solvents.
Eye contact:	Remove contact lenses, if present and easy to do. Continue rinsing. Continue to rinse for at least 15 minutes and get medical attention. Get medical attention.
Protection of first aiders:	First aid personnel should wear appropriate protective equipment during any rescue.

4.2 Most Important symptoms and effects, both acute and delayed

There are no data available on the mixture itself. The mixture is not classified as dangerous according to Directive 1999/45/EC and its amendments.

If splashed in the eyes, the liquid may cause irritation and reversible damage. This takes into account, where known, delayed and immediate effects and also chronic effects of components from short-term and long-term exposure by oral, inhalation and dermal routes of exposure and eye contact

4.3 Indication of any immediate medical attention and special treatment needed

No specific treatment

SECTION 5: FIRE FIGHTING MEASURES

5.1 Extinguishing media

Suitable extinguishing media: CO2, powder extinguisher, foam, water spray.
Extinguishing media which must not be used for safety reasons: Water jet.

5.2 Special hazards arising from the substance or mixture

No specific information available

5.3 Advice for fire-fighters

Cool containers exposed to heat with water spray and remove them from the fire area if it can be done without risk. Control run-off water by containing and keeping it out of sewers and watercourses

SECTION 6: ACCIDENTAL RELEASE MEASURES

6.1 Personal precautions, protective equipment and emergency procedures

Personal precautions: Exclude sources of ignition and ventilate the area. Avoid breathing mist or vapour

6.2 Environmental precautions

Environmental precautions: Do not allow to enter drains or watercourses. If the product contaminates lakes, rivers, or sewers, inform the appropriate authorities in accordance with local regulations.

6.3 Methods and material for containment and cleaning up

Clean-up procedures: Collect spillage for reclamation or absorb in vermiculite, dry sand or similar material

6.4 Reference to other sections

Reference to other sections: Refer to section 8 & 13 of SDS

SECTION 7: HANDLING & STORAGE

7.1 Precautions for safe handling

Eating, drinking, and smoking should be prohibited in areas where this material is handled, stored, and processed. Put on appropriate personal protective equipment (See section 8) never use pressure to empty. Container is not a pressure vessel. Always keep in containers made from the same material as the original. Comply with health and safety at work laws. Do not allow to enter drains or watercourses

SAFETY DATA SHEET

Matt Emulsion

Date: 16-06-2017

Page: 3

7.2 Conditions for safe storage, including any incompatibilities

Storage conditions: Store in tightly-closed, original container in a dry, cool and well-ventilated place. Keep away from heat. Protect from freezing and direct sunlight.

7.3 Specific end use(s)

Specific end use(s): See section 1.2

SECTION 8: EXPOSURE CONTROLS AND PERSONAL PROTECTION

8.1 Control parameters

No exposure limit value known

Monitoring procedures:

If this product contains ingredients with exposure limits, personal, workplace atmosphere or biological monitoring may be required to determine the effectiveness of the ventilation or other control measures and/or the necessity to use respiratory protective equipment. Reference should be made to monitoring standards, such as the following: European Standard EN 689 (Workplace atmospheres - Guidance for the assessment of exposure by inhalation to chemical agents for comparison with limit values and measurement strategy) European Standard EN 14042 (Workplace atmospheres - Guide for the application and use of procedures for the assessment of exposure to chemical and biological agents) European Standard EN 482 (Workplace atmospheres - General requirements for the performance of procedures for the measurement of chemical agents) Reference to national guidance documents for methods for the determination of hazardous substances will also be required.

8.2 Exposure controls

Appropriate engineering controls: Provide adequate ventilation. Where reasonably practicable, this should be achieved by the use of local exhaust ventilation and good general extraction.

Hygiene protection: Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period. Appropriate techniques should be used to remove potentially contaminated clothing. Wash contaminated clothing before reusing. Ensure that eyewash stations and safety showers are close to the workstation location

Eye/face protection: Use safety eyewear designed to protect against splash of liquids.
Hand protection: There is no one glove material or combination of materials that will give unlimited resistance to any individual or combination of chemicals. The breakthrough time must be greater than the end use time of the product. The instructions and information provided by the glove manufacturer on use, storage, maintenance and replacement must be followed. Gloves should be replaced regularly and if there is any sign of damage to the glove material. Always ensure that gloves are free from defects and that they are stored and used correctly. The performance or effectiveness of the glove may be reduced by physical/chemical damage and poor maintenance. Barrier creams may help to protect the exposed areas of the skin but should not be applied once exposure has occurred..

Other skin and body protection: Wear appropriate clothing to prevent repeated or prolonged skin contact.

Respiratory protection: Respiratory protection complying with an approved standard should be worn if a risk assessment indicates inhalation of contaminants is possible.

SAFETY DATA SHEET

Matt Emulsion

Date: 16-06-2017

Page: 4

Environmental exposure: Avoid release to the environment

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

9.1 Information on basic physical and chemical properties

Physical state:	Liquid
Colour:	NA
Odour:	NA
Odour threshold:	NA
pH:	9
Melting point:	NA
Initial boiling point:	100°C
Flash point:	NA
Evaporation rate:	NA
Flammability levels:	NA
Vapour pressure:	NA
Vapour Density:	NA
Relative density:	1.48
Solubility's:	easy to soluble in cold water
Soluble in water:	NA
Auto ignition temp:	NA
Decomposition temp:	NA
Viscosity:	Kinematic (room temperature): 10.14 cm ² /s
Explosive properties:	NA
Oxidising properties:	NA

9.2 Other information

Not available

SECTION 10: STABILITY AND REACTIVITY

10.1 Reactivity

Reactivity: No test data specifically related to reactivity available for this product or its ingredients.

10.2 Chemical stability

Chemical stability: Stable under normal conditions.

10.3 Possibilities of hazardous reactions

Not applicable

10.4 Conditions to avoid

Not applicable

10.5 Incompatible materials

Materials to avoid: Avoid contact with the following materials: Oxidising agents, Strong alkalis, Strong acids, Amines.

10.6 Hazardous decomposition products

No hazardous decomposition products

SECTION 11: TOXICAL INFORMATION

11.1 Information on toxicological effects

There are no data available on the mixture itself. The mixture is not classified as dangerous according to Directive 1999/45/EC and its amendments.

If splashed in the eyes, the liquid may cause irritation and reversible damage. This takes into account, where known, delayed and immediate effects and also chronic effects of components from short-term and long-term exposure by oral, inhalation and dermal routes of exposure and eye contact

SAFETY DATA SHEET

Matt Emulsion

Date: 16-06-2017

Page: 5

SECTION 12: ECOLOGICAL INFORMATION

12.1 Toxicity

Toxicity

There is no data available on the mixture itself do not allow to enter drains or watercourses.

12.2 Persistence and degradability

Not know

12.3 Bio accumulative potential

Not applicable

12.4 Mobility in soil

Not applicable

12.5 Results of PBT and vPvB assessment

PBT identification:

This substance is not identified as a PBT substance

12.6 Other adverse effects

None

SECTION 13: DISPOSAL CONSIDERATIONS

13.1 Waste treatment methods

Product disposal methods:

There are no data available on the mixture itself. The mixture is not classified as dangerous according to Directive 1999/45/EC and its amendments. If splashed in the eyes, the liquid may cause irritation and reversible damage. This takes into account, where known, delayed and immediate effects and also chronic effects of components from short-term and long-term exposure by oral, inhalation and dermal routes of exposure and eye contact.

Packaging disposal methods:

The generation of waste should be avoided or minimised wherever possible. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible.

SECTION 14: TRANSPORTATION INFORMATION

14.1 UN number

UN number:

Not applicable

14.2 UN proper shipping name

Shipping name:

Not applicable

14.3 Transport hazard class

Transport class:

Not applicable

14.4 Packaging group

Packing group:

Not applicable

14.5 Environmental hazards

Environmentally hazardous:

Not applicable

Marine pollutant:

Not applicable

14.6 Special precautions for user

Not applicable

14.7 Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code

Not applicable

SAFETY DATA SHEET

Matt Emulsion

Date: 16-06-2017

Page: 6

SECTION 15: REGULATORY INFORMATION

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

National regulations:	Control of Substances Hazardous to Health Regulations 2002 (as amended). EH40/2005 Workplace exposure limits. Health and Safety at Work etc. Act 1974 (as amended).
EU legislation:	Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures (as amended).
Guidance:	Workplace Exposure Limits EH40.

15.2 Chemical safety assessment

This product contains substances for which Chemical Safety Assessments are still required.

SECTION 16: OTHER INFORMATION

Other information:	This safety data sheet is prepared in accordance with Commission Regulation (EU) No 453/2010. * indicates text in the SDS which has changed since the last revision.
--------------------	---

Phrases used in section 3:	H226 Flammable liquid and vapour. H302 Harmful if swallowed. H312 Harmful in contact with skin. H314 Causes severe skin burns and eye damage. H315 Causes skin irritation. H318 Causes serious eye damage. H319 Causes serious eye irritation. H331 Toxic if inhaled. H332 Harmful if inhaled. H335 May cause respiratory irritation.
----------------------------	--

Legal disclaimer:	The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. This company shall not be held liable for any damage resulting from handling or from contact with the above product.
